Whoosh.....

Well that's how it feels for us on the front line of scouting. There is hardly a moment to draw breath as we spin from one event to another. We have not even had a chance to produce a newsletter since summer although we were quick to print the programme that runs up to Christmas for our beavers, cubs and scouts. It just gets more intense as we head towards 2009.

Beavers – Mondays at 6:00pm
We still are on the lookout for a leader for the **Beavers** although we have great support from Sally and Mark who are great helpers. There must be somebody out

there to lead our zany band of beavers. They eat up every activity and have loads of energy. So far the **Beavers** have been cooking international foods, hiking, cleaning up the community, playing games and collecting money for the starving children of Africa. We have spaces for more beavers too. Before the great Firework party the beavers will be making spooky pumpkins!

Cubs – Tuesdays at 6:00pm

Akela and Baloo really are cooking on gas now after summer camp. **Cubs** are working on haloween and Guys for Firework night before starting the run up to the first Pinewood derby before Christmas as a unique event for the area. Don't miss out on the chance to join in.

Scouts – Thursdays at 7:00pm

Our **scouts** are real winners again this year as they have already accomplished so much. Some are even going to be the representatives of the group and district for achieving the highest ward in scouting the Chief scout gold award. We are proud that our scouts have been placed in competitions run this year at district and county level for

Camping, hiking, cooking and survival. Their programme items are too many to list just look on the website.
