Parents Supplement November 2006

Why do the kids get all of the fun??

At the Autumn camp we found out that our parents are pretty interesting people. We are always asking for help and making it sound a chore. Well we have been thinking this and it's about time that our parents could have a go without our kids around.

We are going to run some events for ADULTS ONLY. No that does not mean something naughty simply some events which are about what we do normally with the kids so that you can have a go. Several people have asked about climbing, cycling or swimming so here are a few events that we are

putting on

If you are interested then simply fill in the form or contact our leaders directly. These are have a go activities. Don't be put off by any activity since they will be aimed at all abilities from complete novice to pro.

Places will be available on a first come first served basis.
